ABOUT AMAR GROUP

We are the Amar group of companies, our story began before 20 years in 2001 and today we are privileged with 5 more companies that includes Amar Infotech, ExcelPTP, TravelionBE, QTrace and the newest addition is "Taapto".

Amar Infotech established in 2009 which is division of Amar Technolabs Pvt. Ltd. having a dynamic software development company, focused on providing solutions for the modern day problems. As a leading information and technology company, we provide dynamic solutions and personal approach to our client requirements.

We aim to rewire business operations with enterprise mobility, big data analytics, internet of things (IoT), artificial intelligence and cloud computing. Our team helps enterprises respond to this competitive world and scale according to transformation objectives – from operations to technologies to people.

DELIVERY MODEL

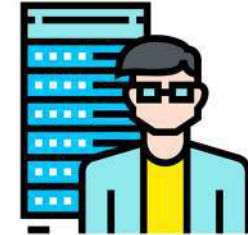

HOURLY BASIS

For businesses that do not require full time assistance. Purchase hours of our IT services as per your business need.

PROJECT BASIS

For businesses that need expert help for their particular IT projects. Hire our support for projects that are too difficult and complex for you to manage.

DEDICATED BASIS

For businesses that require round-the-clock IT support for their business. Hire a dedicated team of professionals to work for you full-time.

CONTRACT TO HIRE

COST EFFECTIVE SOLUTIONS

Amar Infotech has talented IT professionals on its payroll at all times. This reduces the cost of employing such resource via subcontracting, thus allowing us to pass on such benefits to our clients.

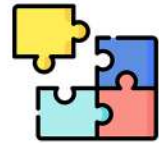

PERFORMANCE GUARANTEE

Amar Infotech also helps its clients eliminate the risk of making incorrect hiring decisions. Amar Infotech offers all its clients a performance guarantee which allows the client to hire in confidence.

TALENTED POOL OF IT PROFESSIONALS

Amar Infotech has in close to two decades of existence, perfected a model of maintaining and constantly updating a talented pool of IT resources available to take on contract assignments. This pool consists of resources across the nation with varied skills.

CUSTOMIZED SOLUTIONS

Amar Infotech has always believed in putting its clients' needs first. Which is why it has always been flexible in adapting to the clients' needs, even when such needs do not adhere to the purview of existing agreements.
